

Yiannis Kanaris

Yiannis Kanaris is a Mechanical Engineer, graduated from the University of Cyprus in 2013 and holds a Master's Degree in Manufacture Engineering and Management from the University of Technology Sydney.

He started his career in Scaffolding Solutions as Health and Safety Officer in 2015. In December 2016, he joined the Cyprus Energy Agency as an energy expert for retrofitting, energy upgrade and saving measures for both the public and private sector via local action plans and co-funded European projects.

In 2019, he made a turn in his career after being hired by Smyrillis Trading Co Ltd where he was responsible for the installation and maintenance of robotic equipment for farms. He is a Certified Passive House Designer by the Passive House Institute and holds a Certificate in Infrared Thermography from the Infrasppection Institute. He joined the workforce of OEB in February 2022, as Officer of the Energy & Environment Department.
