

## REGISTER OF NEW NATIONAL STANDARDIZATION INITIATIVES NOTIFIED UNDER SECTORS IN THE SCOPE OF CENELEC

April 2024

Issued on: May 10, 2024

## **Information Procedure on Standards**

Notifications registered at CCMC during April 2024

Sector 07\_ENERU: Energy and utilities

Register issued on : May 10, 2024

## **Sector 07GENE: Electric Generation (including turbines)**

Sector: 07GENE Registration Date: 2024-04-17

Organization: DIN Country: Germany

Project ID: 02232168/0001 Project Established

ICS:

National Ref: 02232168

Title: Arrangement of terminals for rotating electrical machines - Part 1: Rated voltage 6,6 kV

Relatedness:

National: New

Sector: 07GENE Registration Date: 2024-04-17

Organization: DIN Country: Germany

Project ID: 02232169/0001 Project Established

ICS:

National Ref: 02232169

Title: Arrangement of terminals for rotating electrical machines - Part 2: Rated voltage 11 kV

Relatedness:

National: New

## **Information Procedure on Standards**

Notifications registered at CCMC during April 2024

Sector 08\_ELTEC : Electrotechnology

Register issued on : May 10, 2024

Sector: 08CABL Registration Date: 2024-04-10

Organization: UNE

Country: Spain Latest Date for Comments: 2024-05-10

Project ID: P0060334/0001 Draft for public enquiry

ICS:

National Ref: PNE 211027

Title: Cables accessories. Joints and terminations for use on underground distribution cables of

rated voltage up to 18/30 (36 kV)

Scope: The purpose of this standard is to define the characteristics that shall be met and the tests

that shall be passed by the accessories for the underground distribution network of electric energy transmission and distribution companies, with high voltage cables up to 18/30 (36

kV) according to the UNE HD 620.

The accessories included in the scope of this standard are the following:

unipolar joints;

- unipolar interior and exterior terminations.

Mixed unipolar or three-polar joints between cables with dry insulation and cables with

impregnated paper insulation are outside the scope of this standard.

Project ID: P0060335/0001 Draft for public

enquiry

ICS:

National Ref: PNE 211028

Title: Cable accessories. Separable connectors (plug-in and bolted types) for use on

underground distribution cables of rated voltage up to 18/30 (36) kV

Scope: The purpose of this standard is to define the characteristics that shall be met and the tests

that shall be passed by screened separable connectors for the underground distribution network with high voltage cables up to 18/30 (36) kV according to the UNE-HD 620.

The accessories included in the scope of this standard are the following:

Separable shielded plug-in connectors capable of connecting with external cone bushings

specified in Standards UNE-EN 50180 and UNE-EN 50181.

- Separable shielded screwable connectors capable of connecting with external cone

bushings specified in Standards UNE-EN 50180 and UNE-EN 50181.

- Separable connector accessories.

The separable connectors referred to in this standard are maneuverable without load or

tension.

NOTE The figures in this standard do not imply design since they are only included as a

	Page 5
guide.
